SUBJECT INDEX

A

Abductors
Coordinated electrical pacing of vocal cord abductors in recurrent laryngeal nerve paralysis (Otto et al), 634

Abscesses
Brain abscesses in young (Spires et al), 468
Deep neck abscess after tracheoesophageal puncture and insertion of voice button prosthesis (Ruth et al), 809

Acoustic neuroma
Preoperative and postoperative growth rates in acoustic neuromas documented with CT scanning (Wazen et al), 151
Restoration of speech discrimination following suboccipital, transmeatal excision of extracanalicular acoustic neuroma (Cohen et al), 126
Virtues and vagaries of high-resolution CT air cisternography in diagnosis of acoustic neuromas (Johnson et al), 156

Acoustic tumors
Acoustic tumors: Preoperative measurement and correlation with postoperative facial nerve function (Ruth et al), 160

Acquired immunodeficiency syndrome
Head and neck presentations of acquired immunodeficiency syndrome (Rosenberg et al), 700

Adenoid cystic carcinoma
Reflections on management of adenoid cystic carcinoma of nasal cavity and paranasal sinuses (Howard and Lund), 338

Adenoma
Pleomorphic adenoma of nasal septum (Wenig et al), 432

Aerodigestive tract
Selenium inhibition of chemical carcinogenesis in upper aerodigestive tract of hamsters (Goodwin et al), 373

Aerosol, nasal
Cromolyn nasal aerosol (Mabry), 135

AIDS (*see* Acquired immunodeficiency syndrome)

Allergen
Use of modified radioallergosorbent testing in determining initial immunotherapy doses (Moyer and Nelson), 335

Ameloblastoma
Unusual cause of unilateral nasal obstruction: Ameloblastoma (Wenig et al), 426

Amino acid transmitters
In vivo studies on amino acid transmitters in central auditory system of guinea pig (Jarlstedt et al), 27

Angiofibroma, nasopharyngeal
Nasopharyngeal angiofibroma in two young children (Gruber et al), 803

Angioplasty
Successful angioplasty after delayed spontaneous rupture of common carotid artery after head and neck surgery (Sobol et al), 817

Angle of impact
Midfacial fractures: Importance of angle of impact to horizontal craniofacial buttresses (Stanley and Nowak), 186

Antifungals
Ketoconazole and antifungals (Parkin), 132

Antigens
Effects of human interferon on cell proliferation and antigens induced by Epstein-Barr virus in epithelial hybrid cells derived from nasopharyngeal carcinoma (Takimoto et al), 500

Apnea, sleep
Further evaluation of uvulopalatopharyngoplasty in treatment of obstructive sleep apnea (Katsantonis et al), 244
Palatopharyngoplasty failure, cephalometric roentgenograms, and obstructive sleep apnea (Riley et al), 240

Artery
Persistence of stapedial artery: Histopathologic study (Marion et al), 298
Successful angioplasty after delayed spontaneous rupture of common carotid artery after head and neck surgery (Sobol et al), 817

February, pp. 1-144; April, pp. 145-286; June, pp. 287-446; August, pp. 447-578; October, pp. 579-694; December, 695-858.

Asthma
Exercise-induced change of nasal resistance in asthmatic children (Hasegawa et al), 772
Atresia, aural
High-resolution CT scanning and auditory brain stem response in congenital aural atresia: Patient selection and surgical correlation (Jahrsdoerfer et al), 292
Auditory brain stem response
Fetal auditory brain stem response: Serial measurements at two stimulus intensities (Woods and Plessinger), 759
High-resolution CT scanning and auditory brain stem response in congenital aural atresia: Patient selection and surgical correlation (Jahrsdoerfer et al), 292
Auditory evoked potentials
Retrolabyrinthine vestibular neurectomy with simultaneous monitoring of eighth nerve and brain stem auditory evoked potentials (Silverstein et al), 736
Auditory function
Auditory and vestibular function in hyperbaric oxygen (Marsh et al), 390
Effects of noise exposure and hypercholesterolemia on auditory function in New Zealand White rabbit (Tami et al), 235
Auditory startle reflex
Effects of spectrum, background noise, and stimulation rate on auditory startle reflex in hyperbilirubinemic rats (Lenhardt), 30
Auditory system
In vivo studies on amino acid transmitters in central auditory system of guinea pig (Jarlstedt et al), 27
Aural atresia
High-resolution CT scanning and auditory brain stem response in congenital aural atresia: Patient selection and surgical correlation (Jahrsdoerfer et al), 292
Auricular prostheses
Five years' experience with bone-anchored auricular prostheses (Tjellström et al), 366

B

Bacteriologic findings
Ineffectiveness of closed suction drainage cultures in prediction of bacteriologic findings in wound infections in patients undergoing contaminated head and neck cancer surgery (Becker), 743
Barotrauma
Conservative management of inner ear barotrauma resulting from scuba diving (Parell and Becker), 393
Barriers, implanted
Bone erosion in experimental cholesteatoma—effects of implanted barriers (Macri and Chole), 3
Basal cell carcinoma
Metastatic basal cell carcinoma of head and neck (Conley et al), 78
Bell's palsy (*see* Paralysis, idiopathic facial nerve)
Bifocals
Use of head mirror and bifocals simultaneously (Kearby), 282
Blom-Singer procedure
Location of vibratory segment in tracheoesophageal speakers (Wetmore et al), 355
Blood flow, cochlear
Measuring cochlear blood flow by laser Doppler spectroscopy (Short et al), 786
Blowout, jugular vein
New complication of modified neck dissection: Internal jugular vein blowout (Wurster et al), 812
Bone
Bone erosion in experimental cholesteatoma—effects of implanted barriers (Macri and Chole), 3
Persistence of the stapedial artery: Histopathologic study (Marion et al), 298
Tympanomastoid surgery: Technique for repairing posterior osseous canal wall defects with autologous temporalis fascia and bone pâte (Althaus), 227
Book reviews, 142, 284, 444, 575, 689, 836
Bougie
Treatment of upper esophageal strictures (Sawyer), 379
Brain abscess
Brain abscesses in young (Spires et al), 468
Brain stem
Fetal auditory brain stem response: Serial measurements at two stimulus intensities (Woods and Plessinger), 759
High-resolution CT scanning and auditory brain stem response in congenital aural atresia: Patient selection and surgical correlation (Jahrsdoerfer et al), 292
Retrolabyrinthine vestibular neurectomy with simultaneous monitoring of eighth nerve and brain stem auditory evoked potentials (Silverstein et al), 736
Bronchoscope, laser
The Coherent-Wolf CO_2 laser bronchoscope (Dedo), 831
Burkitt's lymphoma
Midfacial Burkitt's lymphoma (Standefer et al), 262
Buttresses, craniofacial
Midfacial fractures: Importance of angle of impact to horizontal craniofacial buttresses (Stanley and Nowak), 186

C

Calcification, congenital
Congenital calcification of larynx and trachea (Mlynarski et al), 99
Canal wall defects
Tympanomastoid surgery: Technique for repairing posterior osseous canal wall defects with autologous temporalis fascia and bone pâte (Althaus), 227
Cancer (*see* Carcinoma)
Candidiasis
Laryngeal candidiasis and ketoconazole (Selkin), 661

Carcinogenesis
Selenium inhibition of chemical carcinogenesis in upper aerodigestive tract of hamsters (Goodwin et al), 373
Carcinoma
Analysis of complete responders after initial treatment with chemotherapy in head and neck cancer (Kies et al), 199
Cancer of supraglottic larynx: Review of 260 patients (DeSanto), 705
Effects of human interferon on cell proliferation and antigens induced by Epstein-Barr virus in epthelial hybrid cells derived from nasopharyngeal carcinoma (Takimoto et al), 500
Endoscopic treatment of tracheobronchial malignancy. Experience with Nd-YAG and CO_2 lasers in 506 operations (Shapshay et al), 205
Immunoperoxidase staining in diagnosis of malignant tumors of head and neck (Goodwin and Nadji), 259
Ineffectiveness of closed suction drainage cultures in prediction of bacteriologic findings in wound infections in patients undergoing contaminated head and neck cancer surgery (Becker), 743
Lymphoscintigraphy of neck (Blakeslee et al), 361
Metastatic basal cell carcinoma of head and neck (Conley et al), 78
Nutritional status—prognostic indicator in head and neck cancer (Brookes), 69
Oncogenes in laryngeal cancer: Serial passage of transformed cellular DNA (Friedman et al), 346
Prospective study of endotracheal tube cytology in head and neck cancer patients (Denneny and Weisman), 75
Randomized study of adjuvant chemotherapy for head and neck cancer (Holoye et al), 712
Reflections on management of adenoid cystic carcinoma of nasal cavity and paranasal sinuses (Howard and Lund), 338
Surgical aspects of intra-arterial chemotherapy of outpatients with head and neck cancer (Baker et al), 192
Verrucous carcinoma of the maxilla in a thirteen-year-old male (Remsen et al), 794
Carotid artery
Successful angioplasty after delayed spontaneous rupture of common carotid artery after head and neck surgery (Sobol et al), 817
Cartilage, autogenous
Delayed cricoid reconstruction by use of free graft of autogenous "patient banked" cartilage (Bumsted), 104
Cautery
Microbipolar cautery for use in middle ear (House), 134
Cells
Effects of human interferon on cell proliferation and antigens induced by Epstein-Barr virus in epithelial hybrid cells derived from nasopharyngeal carcinoma (Takimoto et al), 500
Interferon sensitivity of fibroblast cell cultures derived from patients with neoplasms of head and neck (Richtsmeier et al), 492
Cerebellar schwannoma
Cystic cerebellar schwannoma (Kuhn et al), 570
Cerebellopontine angle
Meningiomas of cerebellopontine angle (Laird et al), 163
Cerebrospinal fluid
Classification of spontaneous cerebrospinal fluid middle ear effusion: review of forty-nine cases (Neely), 625
Cervical thymic cyst
Cervical thymic cyst (Becker and Ridolfi), 807
Cervico-ocular reflex
Bilateral vestibular loss, oscillopsia, and cervico-ocular reflex (Chambers et al), 403
CHARGE association
Otorhinolaryngic manifestations of CHARGE association (Dobrowski et al), 798
Chemoreceptor stimulation
Effect of maturation on sensitivity of laryngeal resistance to chemoreceptor stimulation in dog (Blum and McCaffrey), 351
Chemotherapy
Analysis of complete responders after initial treatment with chemotherapy in head and neck cancer (Kies et al), 199
Randomized study of adjuvant chemotherapy for head and neck cancer (Holoye et al), 712
Surgical aspects of intra-arterial chemotherapy of outpatients with head and neck cancer (Baker et al), 192
Children
Exercise-induced change of nasal resistance in asthmatic children (Hasegawa et al), 772
Facial nerve identification in children (Farrior and Santini), 173
Management of subglottic stenosis in children (Catlin and Spankus), 585
Nasopharyngeal angiofibroma in two young children (Gruber et al), 803
Relapsing polychondritis in 30-month-old child (Rothstein et al), 680
Verrucous carcinoma of the maxilla in a thirteen-year-old male (Remsen et al), 794
Vestibular evaluation of infants and preschool children (Cyr et al), 463
Cholesteatoma
Bone erosion in experimental cholesteatoma—effects of implanted barriers (Macri and Chole), 3
Validating excision of cholesteatoma (Schuring and Lippy), 288
Chorda tympani nerve
Neurilemoma of chorda tympani nerve (Wiet et al), 119
Chordoma
Chondroid chordoma of skull base: Better prognosis based on histologic criteria (Wenig et al), 559

Chylothorax, bilateral
Bilateral chylothorax from radical neck dissection (Ng et al), 814
Cisternography, air
Virtues and vagaries of high-resolution CT air cisternography in diagnosis of acoustic neuromas (Johnson et al), 156
Cochlea
Cochlear hearing loss in tympanoplasty (Bellucci), 482
Cochlear nuclei—pathology (Dublin), 448
Measuring cochlear blood flow by laser Doppler spectroscopy (Short et al), 786
Speech recognition experience with multichannel cochlear implants (Parkin et al), 639
Cochleosacculotomy
Treatment of endolymphatic hydrops with cochleosacculotomy (Montandon et al), 615
Cochleostomy
Morphologic changes in guinea pig cochlea following cochleostomy—preliminary scanning electron microscope study (Dimitrov and Duckert), 408
Complement pathway
Components of alternative pathway of complement in otitis media with effusion (Parker et al), 607
Computerized tomography
High-resolution CT scanning and auditory brain stem response in congenital aural atresia: Patient selection and surgical correlation (Jahrsdoerfer et al), 292
Preoperative and postoperative growth rates in acoustic neuromas documented with CT scanning (Wazen et al), 151
Virtues and vagaries of high-resolution CT air cisternography in diagnosis of acoustic neuromas (Johnson et al), 156
Counseling
Preoperative counseling aid for tracheoesophageal puncture (Smith et al), 686
Counterbalance system
Counterbalance system for Zeiss operating microscope head (Miller and Geraci), 280
Coupler, endoscopic
Universal endoscopic coupler for bronchoscopic CO_2 laser surgery: Multi-institutional clinical trial (Ossoff et al), 824
Craniofacial buttresses
Midfacial fractures: Importance of angle of impact to horizontal craniofacial buttresses (Stanley and Nowak), 186
Cricoid reconstruction
Delayed cricoid reconstruction by use of free graft of autogenous "patient banked" cartilage (Bumsted), 104
Cromolyn nasal aerosol
Cromolyn nasal aerosol (Mabry), 135
Cultures
Ineffectiveness of closed suction drainage cultures in prediction of bacteriologic findings in wound infections in patients undergoing contaminated head and neck cancer surgery (Becker), 743
Interferon sensitivity of fibroblast cell cultures derived from patients with neoplasms of head and neck (Richtsmeier et al), 492
Cyst, cervical thymic
Cervical thymic cyst (Becker and Ridolfi), 807
Cytology
Prospective study of endotracheal tube cytology in head and neck cancer patients (Denneny and Weisman), 75

D

Decompression, facial nerve
Anterior facial nerve decompression (Farrior), 765
Dermatomyositis
Head and neck manifestations of dermatomyositis-polymyositis (Cunningham and Lowry), 673
Dermoid, nasal
Nasal dermoid with intracranial involvement (Clark et al), 102
Digital subtraction laryngography
Assessment of laryngeal function by digital subtraction laryngography (Hopp et al), 512
Dilators
Treatment of upper esophageal strictures (Sawyer), 379
Disease
Committee on Hearing and Equilibrium guidelines for reporting treatment results in Meniere's disease (Pearson and Brackmann), 579 (editorial)
Facial paralysis from Lyme disease (Caruso), 550
Gamma heavy-chain disease involving upper airway (Blum et al), 677
Dissection, neck
Bilateral chylothorax from radical neck dissection (Ng et al), 814
New complication of modified neck dissection: Internal jugular vein blowout (Wurster et al), 812
Diverticula
Lateral pharyngeal diverticula (Liston), 582
Diving, scuba
Conservative management of inner ear barotrauma resulting from scuba diving (Parell and Becker), 393
DNA
Oncogenes in laryngeal cancer: Serial passage of transformed cellular DNA (Friedman et al), 346
Doppler spectroscopy
Measuring cochlear blood flow by laser Doppler spectroscopy (Short et al), 786
Drainage, closed suction
Ineffectiveness of closed suction drainage cultures in prediction of bacteriologic findings in wound infections in patients undergoing contaminated head and neck cancer surgery (Becker), 743
Drechslera
Pansinusitis caused by the fungus *Drechslera* (Harpster et al), 683

Drill, hand
C-wire hand drill for small-hole stapedectomy (Farrior), 138

E

Ear
Comparison of retention and complication rates of large-bore (Paparella I) and small-bore middle ear ventilating tubes (Klingensmith et al), 322
Conservative management of inner ear barotrauma resulting from scuba diving (Parell and Becker), 393
Microbipolar cautery for use in middle ear (House), 134
Prolonged ventilation of middle ear and mastoid cavities: Technical considerations (Eliachar), 768
Ear secretions
Mucociliary transport of human ear secretions in otitis media with effusion (Brown et al), 18
Eardrum
Facial nerve recording from the eardrum: Possible method for evaluating idiopathic facial nerve paralysis (Zealear and Kurago), 474
Earplug
Earplug procedure (Thelin et al), 229
Editorials, 1, 145, 287, 447, 579
Effusion
Classification of spontaneous cerebrospinal fluid middle ear effusion: review of forty-nine cases (Neely), 625
Components of alternative pathway of complement in otitis media with effusion (Parker et al), 607
Further observations on role of IgE-mediated hypersensitivity in recurrent otitis media with effusion (Bernstein et al), 611
Electrical pacing
Coordinated electrical pacing of vocal cord abductors in recurrent laryngeal nerve paralysis (Otto et al), 634
Electrical stimulation
Attempts to suppress tinnitus with transcutaneous electrical stimulation (Vernon and Fenwick), 385
Electron microscope
Morphologic changes in guinea pig cochlea following cochleostomy—preliminary scanning electron microscope study (Dimitrov and Duckert), 408
Electroneurography
Facial electroneurography: clinical and experimental investigations (Kartush et al), 516
Endolymphatic hydrops
Treatment of endolymphatic hydrops with cochleosacculotomy (Montandon et al), 615
Endolymphatic sac
Is endolymphatic sac always accessible? (Feghali et al), 21
Endoscopy
Endoscopic instrument holder (Handler), 137
Endoscopic treatment of tracheobronchial malignancy. Experience with Nd-YAG and CO_2 lasers in 506 operations (Shapshay et al), 205
Universal endoscopic coupler for bronchoscopic CO_2 laser surgery: Multi-institutional clinical trial (Ossoff et al), 824
Endotracheal tube
Prospective study of endotracheal tube cytology in head and neck cancer patients (Denneny and Weisman), 75
Epistaxis
Nasal septal hemangioma (Wenig et al), 436
Epithelial cells
Effects of human interferon on cell proliferation and antigens induced by Epstein-Barr virus in epithelial hybrid cells derived from nasopharyngeal carcinoma (Takimoto et al), 500
Epstein-Barr virus
Effects of human interferon on cell proliferation and antigens induced by Epstein-Barr virus in epithelial hybrid cells derived from nasopharyngeal carcinoma (Takimoto et al), 500
Erosion, bone
Bone erosion in experimental cholesteatoma—effects of implanted barriers (Macri and Chole), 3
Esophageal strictures
Treatment of upper esophageal strictures (Sawyer), 379
Ethmoid sinus
Recurrent oncocytoma of ethmoid sinus with orbital invasion (Chui et al), 267
Evoked potentials
Facial nerve evoked potentials (Metson et al), 747
Remote monitoring of evoked potentials (Keim), 23
Retrolabyrinthine vestibular neurectomy with simultaneous monitoring of eighth nerve and brain stem auditory evoked potentials (Silverstein et al), 736
Exercise
Exercise-induced change of nasal resistance in asthmatic children (Hasegawa et al), 772
Extrusion rate
Extrusion rate of grommets (Gibb and Mackenzie), 695
Eye
Otolaryngologists' role in diagnosis and treatment of orbital pseudotumor (Weisberger et al), 536

F

Facial electroneurography
Facial electroneurography: clinical and experimental investigations (Kartush et al), 516
Facial nerve
Acoustic tumors: Preoperative measurement and correlation with postoperative facial nerve function (Ruth et al), 160
Anatomic organization of cat facial nerve (Radpour and Gacek), 591
Anterior facial nerve decompression (Farrior), 765
Facial nerve evoked potentials (Metson et al), 747
Facial nerve grading system (House and Brackmann), 146
Facial nerve identification in children (Farrior and Santini), 173

Facial nerve recording from eardrum: Possible method for evaluating idiopathic facial nerve paralysis (Zealear and Kurago), 474
Granular cell tumor of facial nerve diagnosed at surgery for idiopathic facial nerve paralysis (May et al), 122
Selective facial neurectomy for spastic disorders of facial nerve (Spector), 168

Facial paralysis
Facial paralysis from Lyme disease (Caruso), 550

Facial profileplasty
Facial profileplasty by liposuction extraction (Newman et al), 718

Fibrosarcoma, retropharyngeal
Retropharyngeal fibrosarcoma following radiation therapy for Hodgkin's lymphoma of neck (Spiegel and Bogdasarian), 274

Flaps
Histologic changes in skin implanted into larynx and trachea by myocutaneous flap reconstruction (Eliachar et al), 754
Studies on osteogenic potential of vascularized periosteum: Behavior of periosteal flaps transferred onto soft tissues (Burstein and Canalis), 731

Fossa
Middle fossa surgery (Miyamoto et al), 529

Fractures
Midfacial fractures: Importance of angle of impact to horizontal craniofacial buttresses (Stanley and Nowak), 186
Temporal bone fractures: Histopathologic study (Khan et al), 177

Fungus
Pansinusitis caused by fungus *Drechslera* (Harpster et al), 683

G

Gastric mucosa
Heterotopic gastric mucosa of tongue (Wurster et al), 92

Gentamicin
Topical gentamicin-induced positional vertigo (Leliever), 553

Glands, salivary
Benign lymphoepithelial disease of salivary glands (Sharma), 419

Grading system
Facial nerve grading system (House and Brackmann), 146

Graft, free
Delayed cricoid reconstruction by use of free graft of autogenous "patient banked" cartilage (Bumsted), 104

Granular cell tumor
Granular cell tumor of facial nerve diagnosed at surgery for idiopathic facial nerve paralysis (May et al), 122

Graves' disease
Graves' disease associated with histologic Hashimoto's thyroiditis (Falk et al), 86

Grommets
Extrusion rate of grommets (Gibb and Mackenzie), 695

Growth rate
Preoperative and postoperative growth rates in acoustic neuromas documented with CT scanning (Wazen et al), 151

Gums
Congenital syngnathia or fusion of gums and jaws (Simpson and Maves), 96

H

Hand drill
C-wire hand drill for small-hole stapedectomy (Farrior), 138

Hashimoto's thyroiditis
Graves' disease associated with histologic Hashimoto's thyroiditis (Falk et al), 86

Head carcinoma
Analysis of complete responders after initial treatment with chemotherapy in head and neck cancer (Kies et al), 199
Effects of radiation therapy on T-lymphocyte subpopulations in patients with head and neck cancer (Gray et al), 650
Immunoperoxidase staining in diagnosis of malignant tumors of head and neck (Goodwin and Nadji), 259
Metastatic basal cell carcinoma of head and neck (Conley et al), 78
Nutritional status—prognostic indicator in head and neck cancer (Brookes), 69
Prospective study of endotracheal tube cytology in head and neck cancer patients (Denneny and Weisman), 75
Surgical aspects of intra-arterial chemotherapy of outpatients with head and neck cancer (Baker et al), 192

Head lesions
Human papillomavirus in various lesions of head and neck (Strauss and Janson), 342

Head mirror
Use of head mirror and bifocals simultaneously (Kearby), 282

Head surgery
Successful angioplasty after delayed spontaneous rupture of common carotid artery after head and neck surgery (Sobol et al), 817

Hearing loss
Cochlear hearing loss in tympanoplasty (Bellucci), 482
Transient sensorineural hearing loss after overuse of portable headphone cassette radios (Lee et al), 622

Hemangioma
Nasal septal hemangioma (Wenig et al), 436

Hemilabyrinthectomy
Effect of spinal cord transection on spontaneous activity recorded from Type I neurons of medial vestibular nucleus in compensated hemilabyrinthectomized gerbils (Clegg and Perachio), 414

Hodgkin's lymphoma
Retropharyngeal fibrosarcoma following radiation therapy for Hodgkin's lymphoma of neck (Spiegel and Bogdasarian), 274
Humidification
Nasal obstruction and pulmonary function: role of humidification (Woodson and Robbins), 505
Hürthle cell tumors
Hürthle cell tumors of thyroid gland (Saull and Kimmelman), 58
Hydrops
Treatment of endolymphatic hydrops with cochleosacculotomy (Montandon et al), 615
Hyperbaric oxygen
Auditory and vestibular function in hyperbaric oxygen (Marsh et al), 390
Hyperbilirubinemia
Effects of spectrum, background noise, and stimulation rate on auditory startle reflex in hyperbilirubinemic rats (Lenhardt), 30
Hypercalcemia
Diagnosis of hyperparathyroidism (Davis and Davis), 62
Hypercholesterolemia
Effects of noise exposure and hypercholesterolemia on auditory function in New Zealand White rabbit (Tami et al), 235
Hyperparathyroidism
Diagnosis of hyperparathyroidism (Davis and Davis), 62
Hypersensitivity
Further observations on role of IgE-mediated hypersensitivity in recurrent otitis media with effusion (Bernstein et al), 611
Hypopharyngeal strictures
Treatment of upper esophageal strictures (Sawyer), 379

I

IgE
Further observations on the role of IgE-mediated hypersensitivity in recurrent otitis media with effusion (Bernstein et al), 611
Immunohistopathologic analysis
Immunohistopathologic analysis of olfactory degeneration caused by ischemia (Nakashima et al), 40
Immunoperoxidase staining
Immunoperoxidase staining in diagnosis of malignant tumors of head and neck (Goodwin and Nadji), 259
Immunotherapy
Use of modified radioallergosorbent testing in determining initial immunotherapy doses (Moyer and Nelson), 335
Implants
Speech recognition experience with multichannel cochlear implants (Parkin et al), 639
Infants
Vestibular evaluation of infants and preschool children (Cyr et al), 463
Infralabyrinthine approach
Infralabyrinthine approach to skull-base lesions (Lambert et al), 250
Instruments
Endoscopic instrument holder (Handler), 137
Useful rhinoplasty instrument: Nasal hump extractor (Thomas), 442
Intensive care unit
Purulent otitis media—"silent" source of sepsis in pediatric intensive care unit (Persico et al), 330
Interferon
Effects of human interferon on cell proliferation and antigens induced by Epstein-Barr virus in epithelial hybrid cells derived from nasopharyngeal carcinoma (Takimoto et al), 500
Interferon sensitivity of fibroblast cell cultures derived from patients with neoplasms of head and neck (Richtsmeier et al), 492
Irradiation
Effects of hyperbaric oxygen and irradiation on experimental skin flaps in rats (Nemiroff et al), 485
Ischemia
Immunohistopathologic analysis of olfactory degeneration caused by ischemia (Nakashima et al), 40

J

Jaws
Congenital syngnathia or fusion of gums and jaws (Simpson and Maves), 96
Jugular vein
New complication of modified neck dissection: Internal jugular vein blowout (Wurster et al), 812

K

Keratoacanthoma
Giant keratoacanthoma of nose (Lucente), 112
Ketoconazole
Ketoconazole and antifungals (Parkin), 132
Laryngeal candidiasis and ketoconazole (Selkin), 661

L

Laryngeal nerve
Coordinated electrical pacing of vocal cord abductors in recurrent laryngeal nerve paralysis (Otto et al), 634
Laryngography
Assessment of laryngeal function by digital subtraction laryngography (Hopp et al), 512
Larynx
Assessment of laryngeal function by digital subtraction laryngography (Hopp et al), 512
Congenital calcification of larynx and trachea (Mlynarski et al), 99
Effect of maturation on sensitivity of laryngeal resistance to chemoreceptor stimulation in dog (Blum and McCaffrey), 351

Histologic changes in skin implanted into larynx and trachea by myocutaneous flap reconstruction (Eliachar et al), 754
Isolated laryngeal rhinoscleroma (Jay et al), 669
Laryngeal candidiasis and ketoconazole (Selkin), 661
Oncogenes in laryngeal cancer: Serial passage of transformed cellular DNA (Friedman et al), 346
Unusual case of laryngeal scleroma (Shum et al), 663
Cancer of supraglottic larynx: Review of 260 patients (DeSanto), 705

Laser
Argon laser treatment of head and neck vascular lesions (Parkin and Dixon), 211
Coherent-Wolf CO_2 laser bronchoscope (Dedo), 831
Endoscopic treatment of tracheobronchial malignancy. Experience with Nd-YAG and CO_2 lasers in 506 operations (Shapshay et al), 205
Laser lateralization for bilateral vocal cord abductor paralysis (Remsen et al), 645
Measuring cochlear blood flow by laser Doppler spectroscopy (Short et al), 786
Universal endoscopic coupler for bronchoscopic CO_2 laser surgery: Multi-institutional clinical trial (Ossoff et al), 824

Leiomyosarcoma
Leiomyosarcoma of nose and paranasal sinuses (Josephson et al), 270

Lesions
Argon laser treatment of head and neck vascular lesions (Parkin and Dixon), 211
Benign lymphoepithelial disease of salivary glands (Sharma), 419
Human papillomavirus in various lesions of head and neck (Strauss and Jenson), 342
Infralabyrinthine approach to skull-base lesions (Lambert et al), 250

Letters
Correction of cricothyroid muscle paralysis (Hast), 285
Diving accident aid, information available (National Diving Accident Network), 143
Identification of endolymphatic sac tumors (Hassard), 445
Modified RAST to determine initial immunotherapy doses (Nalebuff), 691

Lipomatosis
Benign symmetrical lipomatosis (Madelung's disease) (Shugar and Gavron), 109

Liposuction
Facial profileplasty by liposuction extraction (Newman et al), 718

Lung
Nasal obstruction and pulmonary function: Role of humidification (Woodson and Robbins), 505

Lyme disease
Facial paralysis from Lyme disease (Caruso), 550

Lymphangioma, cervical
Cervical lymphangioma in adult (Schefter et al), 65

Lymphoepithelial disease
Benign lymphoepithelial disease of salivary glands (Sharma), 419

Lymphoma
Midfacial Burkitt's lymphoma (Standefer et al), 262
Retropharyngeal fibrosarcoma following radiation therapy for Hodgkin's lymphoma of neck (Spiegel and Bogdasarian), 274

Lymphoscintigraphy
Lymphoscintigraphy of neck (Blakeslee et al), 361

M

Madelung's disease
Benign symmetrical lipomatosis (Madelung's disease) (Shugar and Gavron), 109

Malignant tumors
Immunoperoxidase staining in diagnosis of malignant tumors of head and neck (Goodwin and Nadji), 259

Masseter muscle
Tensor tympani and masseter muscle synkinesis (Lusk and Babin), 555

Mastoid cavities
Prolonged ventilation of middle ear and mastoid cavities: Technical considerations (Eliachar), 768

Maxilla
Verrucous carcinoma of the maxilla in a thirteen-year-old male (Remsen et al), 794

Membrane, tympanic
Micropuncture of tympanic membrane after tympanoplasty (Silverstein et al), 224
Traumatic perforations of tympanic membrane: Early closure with paper tape patching (Camnitz and Bost), 220

Meniere's disease
Committee on Hearing and Equilibrium guidelines for reporting treatment results in Meniere's disease (Pearson and Brackmann), 579 (editorial)
Vestibular Meniere's disease (Paparella and Mancini), 148

Meningioma
Meningioma: Case of transcranial recurrence managed by base-of-skull technique and review of tumor (Humphreys et al), 563
Meningiomas of cerebellopontine angle (Laird et al), 163

Microbipolar cautery
Microbipolar cautery for use in middle ear (House), 134

Microcatheter
Radial port microcatheter (Balkany), 573

Micropipette
Austin micropipette (Austin), 687

Micropuncture
Micropuncture of tympanic membrane after tympanoplasty (Silverstein et al), 224

Microscope, Zeiss operating
Counterbalance system for Zeiss operating microscope head (Miller and Geraci), 280

Monitoring
Remote monitoring of evoked potentials (Keim), 23
Retrolabyrinthine vestibular neurectomy with simultaneous monitoring of eighth nerve and brain stem auditory evoked potentials (Silverstein et al), 736
Mucociliary transport
Mucociliary transport of human ear secretions in otitis media with effusion (Brown et al), 18
Mucosa, gastric
Heterotopic gastric mucosa of tongue (Wurster et al), 92
Mucus, tracheal
Radioisotope measurement of velocity of tracheal mucus (Russo et al), 217
Muscle
Tensor tympani and masseter muscle synkinesis (Lusk and Babin), 555
Reinnervation of skeletal muscle with neuromuscular pedicle (Anonsen et al), 48

N

Nasal aerosol
Cromolyn nasal aerosol (Mabry), 135
Nasal cavity
Recurrent necrotizing sialometaplasia of nasal cavity (Close and Cowan), 422
Reflections on management of adenoid cystic carcinoma of nasal cavity and paranasal sinuses (Howard and Lund), 338
Nasal dermoid
Nasal dermoid with intracranial involvement (Clark et al), 102
Nasal hump
Useful rhinoplasty instrument: Nasal hump extractor (Thomas), 442
Nasal obstruction
Nasal obstruction and pulmonary function: Role of humidification (Woodson and Robbins), 505
Unusual cause of unilateral nasal obstruction: Ameloblastoma (Wenig et al), 426
Nasal resistance
Exercise-induced change in nasal resistance in asthmatic children (Hasegawa et al), 772
Normal nasal resistance (Pallanch et al), 778
Nasal septum
Nasal septal hemangioma (Wenig et al), 436
Pleomorphic adenoma of nasal septum (Wenig et al), 432
Nasopharyngeal angiofibroma
Nasopharyngeal angiofibroma in two young children (Gruber et al), 803
Nasopharyngeal carcinoma
Effects of human interferon on cell proliferation and antigens induced by Epstein-Barr virus in epithelial hybrid cells derived from nasopharyngeal carcinoma (Takimoto et al), 500
Neck abscess
Deep neck abscess after tracheoesophageal puncture and insertion of voice button prosthesis (Ruth et al), 809
Neck carcinoma
Analysis of complete responders after initial treatment with chemotherapy in head and neck cancer (Kies et al), 199
Effects of radiation therapy on T-lymphocyte subpopulations in patients with head and neck cancer (Gray et al), 650
Immunoperoxidase staining in diagnosis of malignant tumors of head and neck (Goodwin and Nadji), 259

Human papillomavirus in various lesions of head and neck (Strauss and Jenson), 342
Neck surgery
Successful angioplasty after delayed spontaneous rupture of common carotid artery after head and neck surgery (Sobol et al), 817
Necrotizing sialometaplasia
Recurrent necrotizing sialometaplasia of nasal cavity (Close and Cowan), 422
Neoplasm
Interferon sensitivity of fibroblast cell cultures derived from patients with neoplasms of head and neck (Richtsmeier et al), 492
Nerve
Acoustic tumors: Preoperative measurement and correlation with postoperative facial nerve function (Ruth et al), 160
Anatomic organization of cat facial nerve (Radpour and Gacek), 591
Anterior facial nerve decompression (Farrior), 765
Coordinated electrical pacing of vocal cord abductors in recurrent laryngeal nerve paralysis (Otto et al), 634
Facial nerve evoked potentials (Metson et al), 747
Facial nerve grading system (House and Brackmann), 146
Facial nerve identification in children (Farrior and Santini), 173
Facial nerve recording from eardrum: Possible method for evaluating idiopathic facial nerve paralysis (Zealear and Kurago), 474

Granular cell tumor of facial nerve diagnosed at surgery for idiopathic facial nerve paralysis (May et al), 122
Laser lateralization for bilateral vocal cord abductor paralysis (Remsen et al), 645
Neurilemoma of the chorda tympani nerve (Wiet et al), 119
Neurotologic evidence of central and peripheral involvement in patients with vestibular neuronitis (Corvera and Davalos), 524
Retrolabyrinthine vestibular neurectomy with simultaneous monitoring of eighth nerve and brain stem auditory evoked potentials (Silverstein et al), 736
Selective facial neurectomy for spastic disorders of facial nerve (Spector), 168

Neurectomy
Retrolabyrinthine vestibular neurectomy with simultaneous monitoring of eighth nerve and brain stem auditory evoked potentials (Silverstein et al), 736
Selective facial neurectomy for spastic disorders of facial nerve (Spector), 168

Neurilemoma
Neurilemoma of chorda tympani nerve (Wiet et al), 119

Neuroma
Preoperative and postoperative growth rates in acoustic neuromas documented with CT scanning (Wazen et al), 151
Restoration of speech discrimination following suboccipital, transmeatal excision of extracanalicular acoustic neuroma (Cohen et al), 126
Virtues and vagaries of high-resolution CT air cisternography in diagnosis of acoustic neuromas (Johnson et al), 156

Neuromuscular pedicle
Reinnervation of skeletal muscle with neuromuscular pedicle (Anonsen et al), 48

Neuronitis
Neurotologic evidence of central and peripheral involvement in patients with vestibular neuronitis (Corvera and Davalos), 524

Neurons
Effect of spinal cord transection on spontaneous activity recorded from type I neurons of medial vestibular nucleus in compensated hemilabyrinthectomized gerbils (Clegg and Perachio), 414

Noise
Effects of noise exposure and hypercholesterolemia on auditory function in New Zealand White rabbit (Tami et al), 235
Effects of spectrum, background noise, and stimulation rate on auditory startle reflex in hyperbilirubinemic rats (Lenhardt), 30

Nose
Giant keratoacanthoma of nose (Lucente), 112
Leiomyosarcoma of nose and paranasal sinuses (Josephson et al), 270
Median horizontal split tip (Kamer and Cohen), 35

Nosebleed
Nasal septal hemangioma (Wenig et al), 436

Nursing
Preoperative nursing planning in pediatric tracheotomy (Hennessy), 777

Nutritional status
Nutritional status—prognostic indicator in head and neck cancer (Brookes), 69

O

Obstruction, nasal
Nasal obstruction and pulmonary function: Role of humidification (Woodson and Robbins), 505

Olfactory degeneration
Immunohistopathologic analysis of olfactory degeneration caused by ischemia (Nakashima et al), 40

Oncocytoma
Recurrent oncocytoma of ethmoid sinus with orbital invasion (Chui et al), 267

Oncogenes
Oncogenes in laryngeal cancer: Serial passage of transformed cellular DNA (Friedman et al), 346

Orbital invasion
Recurrent oncocytoma of ethmoid sinus with orbital invasion (Chui et al), 267

Oropharynx tying model
Oropharynx tying model (Hetzler and Hilsinger), 834

Oscillopsia
Bilateral vestibular loss, oscillopsia, and cervico-ocular reflex (Chambers et al), 403

Osteogenesis
Studies on osteogenic potential of vascularized periosteum: Behavior of periosteal flaps transferred onto soft tissues (Burstein and Canalis), 731

Otitis media
Components of alternative pathway of complement in otitis media with effusion (Parker et al), 607
Further observations on role of IgE-mediated hypersensitivity in recurrent otitis media with effusion (Bernstein et al), 611
Mucociliary transport of human ear secretions in otitis media with effusion (Brown et al), 18
Purulent otitis media—"silent" source of sepsis in pediatric intensive care unit (Persico et al), 330
Tympanostomy tubes for prevention of purulent otitis media (Söderberg et al), 601

Otorhinolaryngology
Otorhinolaryngic manifestations of CHARGE association (Dobrowski et al), 798

Otosclerosis
Vitamin D deficiency and otosclerosis (Brookes), 313

Oxygen, hyperbaric
Auditory and vestibular function in hyperbaric oxygen (Marsh et al), 390
Effects of hyperbaric oxygen and irradiation on experimental skin flaps in rats (Nemiroff et al), 485

P

Palatopharyngoplasty
Palatopharyngoplasty failure, cephalometric roentgenograms, and obstructive sleep apnea (Riley et al), 240
Pansinusitis
Pansinusitis caused by fungus *Drechslera* (Harpster et al), 683
Paper tape patching
Traumatic perforations of tympanic membrane: Early closure with paper tape patching (Camnitz and Bost), 220
Papillomavirus
Human papillomavirus in various lesions of head and neck (Strauss and Jenson), 342
Paralysis
Coordinated electrical pacing of vocal cord abductors in recurrent laryngeal nerve paralysis (Otto et al), 634
Facial nerve recording from eardrum: Possible method for evaluating idiopathic facial nerve paralysis (Zealear and Kurago), 474
Facial paralysis from Lyme disease (Caruso), 550
Granular cell tumor of facial nerve diagnosed at surgery for idiopathic facial nerve paralysis (May et al), 122
Laser lateralization for bilateral vocal cord abductor paralysis (Remsen et al), 645
Paranasal sinuses
Leiomyosarcoma of nose and paranasal sinuses (Josephson et al), 270
Pediatrics (*see* Children)
Pedicle, neuromuscular
Reinnervation of skeletal muscle with neuromuscular pedicle (Anonsen et al), 48
Peg-tip fixation
Peg-tip fixation of Plasti-Pore TORP (Shea and Moretz), 279
Penicillin
New penicillins (Levine), 278
Perforations, traumatic
Traumatic perforations of tympanic membrane: Early closure with paper tape patching (Camnitz and Bost), 220
Periosteal flaps
Studies on osteogenic potential of vascularized periosteum: Behavior of periosteal flaps transferred onto soft tissues (Burstein and Canalis), 731
Pharynx
Lateral pharyngeal diverticula (Liston), 582
Pilar tumor
Pilar tumor of scalp (Chait et al), 116
Plasti-Pore TORP
Peg-tip fixation of Plasti-Pore TORP (Shea and Moretz), 279
Pleomorphic adenoma
Pleomorphic adenoma of nasal septum (Wenig et al), 432
Pneumomediastinum
Pneumomediastinum secondary to voice button prosthetic speech (Senders and Bumsted), 821
Polychondritis
Relapsing polychondritis in 30-month-old child (Rothstein et al), 680
Polymyositis
Head and neck manifestations of dermatomyositis-polymyositis (Cunningham and Lowry), 673
Profileplasty, facial
Facial profileplasty by liposuction extraction (Newman et al), 718
Prostheses
Deep neck abscess after tracheoesophageal puncture and insertion of voice button prosthesis (Ruth et al), 809
Five years' experience with bone-anchored auricular prostheses (Tjellström et al), 366
Location of vibratory segment in tracheoesophageal speakers (Wetmore et al), 355
Validating excision of cholesteatoma (Schuring and Lippy), 288
Pseudotumor
Otolaryngologists' role in diagnosis and treatment of orbital pseudotumor (Weisberger et al), 536
Pseudotumor cerebri syndrome
Otologic symptoms and findings of pseudotumor cerebri syndrome: preliminary report (Sismanis et al), 398
Puncture, tracheoesophageal
Deep neck abscess after tracheoesophageal puncture and insertion of voice button prosthesis (Ruth et al), 809
Preoperative counseling aid for tracheoesophageal puncture (Smith et al), 686

R

Radiation
Effects of radiation therapy on T-lymphocyte subpopulations in patients with head and neck cancer (Gray et al), 650
Retropharyngeal fibrosarcoma following radiation therapy for Hodgkin's lymphoma of neck (Spiegel and Bogdasarian), 274
Radioallergosorbent testing
Use of modified radioallergosorbent testing in determining initial immunotherapy doses (Moyer and Nelson), 335
Radioisotope
Radioisotope measurement of velocity of tracheal mucus (Russo et al), 217
Radios
Transient sensorineural hearing loss after overuse of portable headphone cassette radios (Lee et al), 622
Reconstruction, flap
Histologic changes in skin implanted into larynx and trachea by myocutaneous flap reconstruction (Eliachar et al), 754
Reflex
Asymmetry of vestibulo-ocular reflex in cat (Anderson and Liston), 597
Bilateral vestibular loss, oscillopsia, and cervico-ocular reflex (Chambers et al), 403

Effects of spectrum, background noise, and stimulation rate on auditory startle reflex in hyperbilirubinemic rats (Lenhardt), 30

Reinnervation
Reinnervation of skeletal muscle with neuromuscular pedicle (Anonsen et al), 48

Resistance, nasal
Exercise-induced change in nasal resistance in asthmatic children (Hasegawa et al), 772
Normal nasal resistance (Pallanch et al), 778

Response, auditory brain stem
Fetal auditory brain stem response: Serial measurements at two stimulus intensities (Woods and Plessinger), 759

Rhinoplasty
Useful rhinoplasty instrument: Nasal hump extractor (Thomas), 442

Rhinoscleroma
Isolated laryngeal rhinoscleroma (Jay et al), 669

Roentgenograms, cephalometric
Palatopharyngoplasty failure, cephalometric roentgenograms, and obstructive sleep apnea (Riley et al), 240

Rupture, spontaneous
Successful angioplasty after delayed spontaneous rupture of common carotid artery after head and neck surgery (Sobol et al), 817

S

Salivary glands
Benign lymphoepithelial disease of salivary glands (Sharma), 419

Scalp
Pilar tumor of scalp (Chait et al), 116

Scanning
High-resolution CT scanning and auditory brain stem response in congenital aural atresia: Patient selection and surgical correlation (Jahrsdoerfer et al), 292
Sinus ultrasound scanning (Mabry), 135

Scanning electron microscope
Morphologic changes in guinea pig cochlea following cochleostomy—preliminary scanning electron microscope study (Dimitrov and Duckert), 408

Schwannoma
Cystic cerebellar schwannoma (Kuhn et al), 570

Scleroma
Unusual case of laryngeal scleroma (Shum et al), 663

Scuba diving
Conservative management of inner ear barotrauma resulting from scuba diving (Parell and Becker), 393

Secretions, ear
Mucociliary transport of human ear secretions in otitis media with effusion (Brown et al), 18

Selenium inhibition
Selenium inhibition of chemical carcinogenesis in upper aerodigestive tract of hamsters (Goodwin et al), 373

Sepsis
Purulent otitis media–"silent" source of sepsis in pediatric intensive care unit (Persico et al), 330

Sialometaplasia
Recurrent necrotizing sialometaplasia of nasal cavity (Close and Cowan), 422

Singer-Blom procedure
Location of vibratory segment in tracheoesophageal speakers (Wetmore et al), 355

Sinus
Leiomyosarcoma of nose and paranasal sinuses (Josephson et al), 270
Recurrent oncocytoma of ethmoid sinus with orbital invasion (Chui et al), 267
Reflections on management of adenoid cystic carcinoma of nasal cavity and paranasal sinuses (Howard and Lund), 338
Sinus ultrasound scanning (Mabry), 136

Skin flaps
Effects of hyperbaric oxygen and irradiation on experimental skin flaps in rats (Nemiroff et al), 485

Skin implantation
Histologic changes in skin implanted into larynx and trachea by myocutaneous flap reconstruction (Eliachar et al), 754

Skull base
Chondroid chordoma of skull base: Better prognosis based on histologic criteria (Wenig et al), 559
Infralabyrinthine approach to skull-base lesions (Lambert et al), 250
Meningioma: Case of transcranial recurrence managed by base-of-skull technique and review of tumor (Humphreys et al), 563

Sleep apnea
Further evaluation of uvulopalatopharyngoplasty in treatment of obstructive sleep apnea (Katsantonis et al), 244
Palatopharyngoplasty failure, cephalometric roentgenograms, and obstructive sleep apnea (Riley et al), 240

Spastic disorders
Selective facial neurectomy for spastic disorders of facial nerve (Spector), 168

Spectroscopy, laser Doppler
Measuring cochlear blood flow by laser Doppler spectroscopy (Short et al), 786

Speech
Pneumomediastinum secondary to voice button prosthetic speech (Senders and Bumsted), 821
Restoration of speech discrimination following suboccipital, transmeatal excision of extracanalicular acoustic neuroma (Cohen et al), 126
Speech recognition experience with multichannel cochlear implants (Parkin et al), 639

Spinal cord
Effect of spinal cord transection on spontaneous activity recorded from type I neurons of the medial vestibular

nucleus in compensated hemilabyrinthectomized gerbils (Clegg and Perachio), 414

Staining, immunoperoxidase
Immunoperoxidase staining in diagnosis of malignant tumors of head and neck (Goodwin and Nadji), 259

Stapedectomy
C-wire hand drill for small-hole stapedectomy (Farrior), 138

Stapedial artery
Persistence of stapedial artery: Histopathologic study (Marion et al), 298

Startle reflex, auditory
Effects of spectrum, background noise, and stimulation rate on auditory startle reflex in hyperbilirubinemic rats (Lenhardt), 30

Stenosis
Complete subglottic stenosis secondary to tuberculosis (Herzog and Donovan), 666
Management of subglottic stenosis in children (Catlin and Spankus), 585

Stimulation
Effects of spectrum, background noise, and stimulation rate on auditory startle reflex in hyperbilirubinemic rats (Lenhardt), 30
Fetal auditory brain stem response: Serial measurements at two stimulus intensities (Woods and Plessinger), 759

Subglottic stenosis
Complete subglottic stenosis secondary to tuberculosis (Herzog and Donovan), 666
Management of subglottic stenosis in children (Catlin and Spankus), 585

Supraglottic larynx
Cancer of supraglottic larynx: Review of 260 patients (DeSanto), 705

Surgery
Argon laser treatment of head and neck vascular lesions (Parkin and Dixon), 211
Endoscopic treatment of tracheobronchial malignancy. Experience with Nd-YAG and CO_2 lasers in 506 operations (Shapshay et al), 205
Ineffectiveness of closed suction drainage cultures in prediction of bacteriologic findings in wound infections in patients undergoing contaminated head and neck cancer surgery (Becker), 743
Successful angioplasty after delayed spontaneous rupture of common carotid artery after head and neck surgery (Sobol et al), 817
Surgical aspects of intra-arterial chemotherapy of outpatients with head and neck cancer (Baker et al), 192
Tympanomastoid surgery: Technique for repairing posterior osseous canal wall defects with autologous temporalis fascia and bone pâte (Althaus), 227
Universal endoscopic coupler for bronchoscopic CO_2 laser surgery: Multi-institutional clinical trial (Ossoff et al), 824

Syndrome, acquired immunodeficiency
Head and neck presentations of acquired immunodeficiency syndrome (Rosenberg et al), 700

Syngnathia, congenital
Congenital syngnathia or fusion of gums and jaws (Simpson and Maves), 96

Synkinesis
Tensor tympani and masseter muscle synkinesis (Lusk and Babin), 555

T

Temporal bone
Persistence of stapedial artery: Histopathologic study (Marion et al), 298
Temporal bone fractures: Histopathologic study (Khan et al), 177

Temporalis fascia
Tympanomastoid surgery: Technique for repairing posterior osseous canal wall defects with autologous temporalis fascia and bone pâte (Althaus), 227

Tensor tympani muscle
Tensor tympani and masseter muscle synkinesis (Lusk and Babin), 555

Test, radioallergosorbent
Use of modified radioallergosorbent testing in determining initial immunotherapy doses (Moyer and Nelson), 335

Thymic cyst, cervical
Cervical thymic cyst (Becker and Ridolfi), 807

Thyroid
Hürthle cell tumors of thyroid gland (Saull and Kimmelman), 58

Thyroiditis, Hashimoto's
Graves' disease associated with histologic Hashimoto's thyroiditis (Falk et al), 86

Tinnitus
Attempts to suppress tinnitus with transcutaneous electrical stimulation (Vernon and Fenwick), 385

Tip, split
Median horizontal split tip (Kamer and Cohen), 35

Tissues, soft
Studies on osteogenic potential of vascularized periosteum: Behavior of periosteal flaps transferred onto soft tissues (Burstein and Canalis), 731

Titanium implants
Five years' experience with bone-anchored auricular prostheses (Tjellström et al), 366

T-lymphocyte
Effect of radiation therapy on T-lymphocyte subpopulations in patients with head and neck cancer (Gray et al), 650

Tomography, computerized
Preoperative and postoperative growth rates in acoustic neuromas documented with CT scanning (Wazen et al), 151

Virtues and vagaries of high-resolution CT air cisternography in diagnosis of acoustic neuromas (Johnson et al), 156

Tongue

Heterotopic gastric mucosa of tongue (Wurster et al), 92

TORP, Plasti-Pore

Peg-tip fixation of Plasti-Pore TORP (Shea and Moretz), 279

Trachea

Congenital calcification of larynx and trachea (Mlynarski et al), 99

Histologic changes in skin implanted into larynx and trachea by myocutaneous flap reconstruction (Eliachar et al), 754

Radioisotope measurement of velocity of tracheal mucus (Russo et al), 217

Tracheobronchial carcinoma

Endoscopic treatment of tracheobronchial malignancy. Experience with Nd-YAG and CO_2 lasers in 506 operations (Shapshay et al), 205

Tracheoesophageal puncture

Deep neck abscess after tracheoesophageal puncture and insertion of voice button prosthesis (Ruth et al), 809

Preoperative counseling aid for tracheoesophageal puncture (Smith et al), 686

Tracheoesophageal speakers

Location of vibratory segment in tracheoesophageal speakers (Wetmore et al), 355

Tracheotomy

Preoperative nursing planning in pediatric tracheotomy (Hennessy), 777

Transmitters, amino acid

In vivo studies on amino acid transmitters in central auditory system of guinea pig (Jarlstedt et al), 27

Tuberculosis

Complete subglottic stenosis secondary to tuberculosis (Herzog and Donovan), 666

Tubes

Comparison of retention aand complication rates of large-bore (Paparella II) and small-bore ventilating tubes (Klingensmith et al), 322

Prospective study of endotracheal tube cytology in head and neck cancer patients (Denneny and Weisman), 75

Tympanostomy tubes for prevention of purulent otitis media (Söderberg et al), 601

Tumors

Acoustic tumors: Preoperative measurement and correlation with postoperative facial nerve function (Ruth et al), 160

Granular cell tumor of facial nerve diagnosed at surgery for idiopathic facial nerve paralysis (May et al), 122

Hürthle cell tumors of thyroid gland (Saull and Kimmelman), 58

Immunoperoxidase staining in diagnosis of malignant tumors of head and neck (Goodwin and Nadji), 259

Lymphoscintigraphy of neck (Blakeslee et al), 361

Meningioma: Case of transcranial recurrence managed by base-of-skull technique and review of tumor (Humphreys et al), 563

Pilar tumor of scalp (Chait et al), 116

Tympanic membrane

Micropuncture of tympanic membrane after tympanoplasty (Silverstein et al), 224

Traumatic perforations of tympanic membrane: Early closure with paper tape patching (Camnitz and Bost), 220

Tympanomastoid surgery

Tympanomastoid surgery: Technique for repairing posterior osseous canal wall defects with autologous temporalis fascia and bone pâte (Althaus), 227

Tympanomastoidectomy

Validating excision of cholesteatoma (Schuring and Lippy), 288

Tympanoplasty

Cochlear hearing loss in tympanoplasty (Bellucci), 482

Micropuncture of tympanic membrane after tympanoplasty (Silverstein et al), 224

Tympanostomy tubes for prevention of purulent otitis media (Söderberg et al), 601

U

Ultrasound scanning

Sinus ultrasound scanning (Mabry), 136

Upper airway

Gamma heavy-chain disease involving upper airway (Blum et al), 677

Uvulopalatopharyngoplasty

Further evaluation of uvulopalatopharyngoplasty in treatment of obstructive sleep apnea (Katsantonis et al), 244

V

Vascular lesions

Argon laser treatment of head and neck vascular lesions (Parkin and Dixon), 211

Vascularization

Studies on osteogenic potential of vascularized periosteum: Behavior of periosteal flaps transferred onto soft tissues (Burstein and Canalis), 731

Vein, jugular

New complication of modified neck dissection: Internal jugular vein blowout (Wurster et al), 812

Ventilation

Comparison of retention and complication rates of large-bore (Paparella II) and small-bore ventilating tubes (Klingensmith et al), 322

Prolonged ventilation of middle ear and mastoid cavities: Technical considerations (Eliachar), 768

Verrucous carcinoma

Verrucous carcinoma of the maxilla in a thirteen-year-old male (Remsen et al), 794

Vertigo
Topical gentamicin-induced positional vertigo (Leliever), 553
Vestibule
Auditory and vestibular function in hyperbaric oxygen (Marsh et al), 390
Bilateral vestibular loss, oscillopsia, and cervico-ocular reflex (Chambers et al), 403
Effect of spinal cord transection on spontaneous activity recorded from type I neurons of medial vestibular nucleus in compensated hemilabyrinthectomized gerbils (Clegg and Perachio), 414
Neurotologic evidence of central and peripheral involvement in patients with vestibular neuronitis (Corvera and Davalos), 524
Vestibular evaluation of infants and preschool children (Cyr et al), 463
Vestibulo-ocular reflex
Asymmetry of vestibulo-ocular reflex in cat (Anderson and Liston), 597
Virus
Effects of human interferon on cell proliferation and antigens induced by Epstein-Barr virus in epithelial hybrid cells derived from nasopharyngeal carcinoma (Takimoto et al), 500
Vitamin D
Vitamin D deficiency and otosclerosis (Brookes), 313
Vocal cord
Coordinated electrical pacing of vocal cord abductors in recurrent laryngeal nerve paralysis (Otto et al), 634
Laser lateralization for bilateral vocal cord abductor paralysis (Remsen et al), 645
Voice button
Deep neck abscess after tracheoesophageal puncture and insertion of voice button prosthesis (Ruth et al), 809
Pneumomediastinum secondary to voice button prosthetic speech (Senders and Bumsted), 821

W

Wound infections
Ineffectiveness of closed suction drainage cultures in prediction of bacteriologic findings in wound infections in patients undergoing contaminated head and neck cancer surgery (Becker), 743

Z

Zeiss operating microscope
Counterbalance system for Zeiss operating microscope head (Miller and Geraci), 280
